

# A Walk In The Woods

5 3 6

## Chapter 1 by Susy Lue

One day when I was 8 years old I decided to go and take a walk in the woods but when I arrived, I started hearing weird, mysterious noises. I just kept on walking thinking it was nothing, maybe just some animals wondering around. As I was walking I came upon something weird and scary and I couldn't identify what it was. I kept looking and staring at it when all of a sudden it started moving and coming after me. It kept chasing me and I had to run as fast as I possibly could. It started to catch up to me and I started screaming and tears were streaming down my face. What could this creature be and why is it so vicious and scary? It kept chasing me and I kept on running faster and faster until I was trapped and I had nowhere to go. I stood there trying to catch my breath and the humgungous creature stood there and stared at me. I was so scared I didn't know what to do but to try and talk to it and make it happy so it wouldn't want to hurt me. I said "Will you please let me go and do not chase me?" It just stood there so I was guessing it couldn't talk so I started to move a little bit but not too fast where the creature would get alarmed and start chasing me again. As I moved slowly, I started to walk faster and faster until I was running and the creature which I had started to call Kung Fue didn't even notice me so I kept running until I was at least 1 mile ahead of Kung Fue. When I turned around though, Kung Fue was gone. "Where did he go?", I wondered.....

### Chapter 3 by Olive Oil

I was clueless not knowing what was behind me or what was in store for me up head? So, my chances where very high if I just sat here and did nothing till Kung Fue would find me and eat me in all one big serving. I ran.. that's all I did was run. Not knowing what I was running into but at that moment I didn't care. All I cared about was getting away from the vicious predator. I came to a stop, I looked around and I knew exactly where I was... back on another trail! Well I thought, mize as well take it and see where it will take me. A couple hours past and I was getting very tired. I found a big rock to lay on and fell asleep right there.
